

## **SPONSOR A GARDEN PROJECT**

The Grosse Pointe Shores Beautification Committee invites you to sponsor or re-sponsor a garden for 2018. Your tax-deductible donation will help to purchase annuals and/or perennials or bulbs for one of the gardens or lamp-post pots throughout the village. In return, that garden will be planted with you recognized on a garden tile as its sponsor for a full year's growing season: from late-May until late-May. Gardens may be sponsored in memory or honor of another person.

Sponsorships range in cost from \$100-\$200, with 80% offered at the \$100 level. Costs are determined by several factors, including the size of the garden and the number of seasons it is planted.

If you would like to sponsor a garden for 2018, please return this form to Lynn Michaux at the Administrative Office or contact her at (313) 881-6565.
