

PUBLIC NOTICE

April Hydrant Flushing Program

When: Beginning Monday, April 5, 2021 from 8:00 am to 3:30 pm

Where: City Wide

Signs will be posted on streets the day prior to hydrant flushing

Duration: Throughout April

Flushing our water distribution system helps improve drinking water quality. Occasionally water becomes discolored after hydrant flushing. If you experience discolored water, run the cold water tap for a few minutes until the water is clear. If there is still discoloration, turn water off, wait a few minutes and run the water again. You should avoid washing clothes until water runs clear.

Any questions, please contact the water department at (313) 886-0020
